

Riviera at noosa

ABOUT NOOSA

Noosa is the northern most resort town on Queensland's Sunshine Coast. Bounded by the ocean and the river and National Parks, Noosa is renowned for its natural beauty, perfectly balanced with an attractive built environment. Low-rise buildings nestle alongside Main Beach, the much loved north facing beach that hems beautiful Laguna Bay

On your Noosa holiday you will have the opportunity to enjoy our surfing beaches, or the still water of the river and lakes and many lovely rainforest walks. You can drive on the beach on our North Shore and experience the coloured sands or venture further to Fraser Island.

Noosa is also renowned for its food with nationally and internationally acclaimed restaurants along the beach side and riverside strips. The atmosphere is cosmopolitan with all the delights of a quiet coastal village with just the right touch of sophistication.

Country markets are brimming with fresh local produce and boutique shopping offers clothes, shoes, decoration bits that are always a bit different and special – Noosa style.

We look forward to welcoming you to our special part of the world.
